The director of the Lake Lanier Olympic Venue, or his designee, may hold an alcoholic beverage license for the Lake Lanier Olympic Venue, or the director of the Hall County Parks and Leisure Services, or his designee, may hold an alcoholic beverage license for the Lake Lanier Olympic Venue so that the orderly operation of the Lake Lanier Olympic Venue will not be interrupted in the event the person or entity holding the alcoholic beverage license for the facility is unable to serve alcoholic beverages for any reason. There shall be no county license fee paid by the director of the Lake Lanier Olympic Venue, or his designee, or the director of the Hall County Parks and Leisure Services, or his designee.
 - F. The hours of sale of alcoholic beverages on the premises of the Lake Lanier Olympic Venue shall be the same as provided in section 5.30.120 of this chapter for the sale of alcoholic beverages upon the licensed premises.
- (Res. of 4-23-09(1), § 8)

5.30.100. Building and location requirements.

- A. No license shall be issued for a location not suitable in the judgment and discretion of the county commission because of traffic congestion, or general character of the neighborhood, or because of the

effect which such an establishment would have on the adjacent and surrounding properties and neighborhood.

B. No license shall issue for a location within an area where, in the judgment and discretion of the county commission, the number of malt beverage or wine licenses already granted makes it contrary to the public interest or welfare.

C. No license shall issue for a location where a valid and current certificate of occupancy has not been issued, or where the operation of such a licensed business would violate the zoning rules and regulations of the county.

D. No license shall issue for a location where a previous license has been revoked or suspended, and where, in the judgment of the county commission, the problems which have arisen from the operation of a licensed business at such a location indicate that it is not in the interests of public health, safety, welfare, or morals that the sale of malt beverages or wines be permitted at such a location.

E. No license shall issue for a location where it would violate state or local law, regulations or resolutions.

F. No license shall issue for a location where the nearest point of the main structure of the business is located within 600 feet of the nearest point of the main structure of any school or church as measured in a straight line between the two structures. The word "school" shall include kindergartens, primary and secondary schools, colleges and other educational institutions whether public or private. An exception to this distance requirement may be granted by the board of commissions when accompanied by a written consent from the church or school regarding the distance requirements indicating no opposition to the license being issued at a closer distance, unless such distance would be in violation of the Official Code of Georgia. Provided, however, this provision shall not apply where it would prohibit the renewal, or transfer, of an existing alcoholic beverage license for the sale of malt beverages and wine at a location where a license holder had been granted a license under the terms of any prior county resolution relating to the sale of malt beverages and wines. In the event a school or church subsequently locates within 600 feet of licensed premises, this provision shall not be applicable under such circumstances and such an event would not cause a license holder to be in violation of this provision or prohibit the renewal or transfer of a license. In such cases, the license may be renewed by the same license holder for the same place of business, or transferred to a new license holder, as long as all of the other provisions of this chapter are complied with. No license shall issue for any location in which the licensed premises contain a drive-in window for the sale of malt beverages and wine.

G. The licensed premises shall be subject to inspection by authorized personnel of the county.

H. Consumption on the premises licenses shall be issued only to restaurants and nonprofit private clubs and veterans' organizations as defined herein. Retail package licenses shall not be issued to restaurants and nonprofit private clubs and veterans' organizations.

I. Licensed premises must be open for business at least nine months of each calendar year. Licensed premises may close for seasonal or remodeling reasons only. Closures due to being out of business, or change in ownership will require an application for a new license. Once the business is "closed," the license ceases to be valid and is revoked.

(Res. of 11-13-97, § 1; Res. of 9-9-99; Res. of 1-26-06, § 7; Res. of 4-23-09(1), § 9)

5.30.110. Required reports and notices.

A. The licensee must report to the director within five days any change in any interests in the licensee's business, including but not limited to:

1. Any change in the division of the profits of the licensed business;
2. Any change in the division of net or gross sales for any purpose whatsoever;
3. Any change in the payment of rents or leases;
4. Any change in the ownership of any lease or building or land used in such business;
5. Any change in the ownership of stock of any corporation that has an interest in the licensed business except for the sale of stock over the counter or through a recognized stock exchange;
6. Any change in the local managing agent or registered agent of a corporate business licensed under this chapter.

B. Since licenses shall be revoked if gross sales of groceries and food products (excluding sales of alcoholic beverages) fall below the sum of \$3,000.00 monthly and if gross sales of groceries and food products (excluding sales of alcoholic beverages) fall below 50 percent of the combined business volume

of groceries, food products and alcoholic beverages sold monthly for three consecutive months, a report verifying those sales is required of each license holder. On or before the 20th day of each month, each licensee shall furnish to the business license director an affidavit showing the gross sales of groceries and food products (excluding sales of malt beverages and wines), the gross sales of malt beverages and wines, and the gross sales of other merchandise for the preceding month. The business license director will furnish the form for this affidavit. The licensee must attach to the affidavit a copy of the Georgia Sales and Use Tax Report for the same period. These reports shall remain confidential.

C. Copies of summaries of sales and state form ATT-122 shall be furnished to the business license director not later than the tenth day of each month by wholesale dealers selling malt beverages and wines to licensees. The report shall apply to deliveries made during the previous month. Copies of these reports shall be submitted with the excise tax described in section 5.30.200.

(Res. of 11-13-97, § 1; Res. of 9-9-99; Res. of 3-22-01(1), § 5)

The hours of sale for consumption on the premises of malt beverages and wine shall be 11:00 a.m. to 12:45 a.m. Mondays through Fridays. Hours on Saturday and Christmas Eve shall be 8:00 a.m. to 11:45 p.m. No alcoholic beverage sales are permitted when Christmas Eve falls on Sunday.

B. In the event that a licensed business is open for less than the hours stated in the preceding paragraph, then sales of malt beverages and wines shall be restricted to those regular store hours; however, in no event shall sales be made during hours other than described in the preceding paragraph.

C. All licensed businesses for the consumption of malt beverages and wines shall remove the beverages from the area of the premises used by customers within 15 minutes after closing time for the sale of the beverages.

(Res. of 11-13-97, § 1; Res. of 9-9-99)

5.30.140. Minors.

A. All persons seeking to purchase alcoholic beverages within the unincorporated area of the county (regardless of their apparent age) shall be required to provide "proper identification" showing that the person to whom the alcoholic beverage is sold is 21 years of age or older. "Proper identification" as defined for purposes of this subsection means any document issued by a state or U.S. governmental agency containing a description of the person, such person's photograph, or both, and giving such person's date of birth, and includes, without being limited to, a passport, military identification and, driver's license and/or certified birth certificate. Violations of this section shall be subject to a fine of no less than \$100.00 on the first offense, and for a second offense, a fine of no less than \$250.00. This fine shall be levied against the actual license holder, at the licensed location, not specifically to the person failing to request the ID.

B. Any license holder, agent or employee of any license holder, who sells alcoholic beverages to a person under the age of 21 years, without requiring proper identification as that term is defined in paragraph A. above, shall, upon first conviction thereof, be sentenced to a mandatory sentence of a minimum of one weekend (48 hours) in confinement and a fine of not less than \$500.00. Subsequent convictions shall be punished as provided by section 5.30.230 of this Code.

C. Any license holder, or agent or employee of a license holder, who fails to require proper identification and who sells alcoholic beverages to a person under the legal age to purchase alcoholic beverages, as provided by state law, may, at the sole discretion of the board of commissioners, be subject to the revocation or suspension of his/her license on the first offense.

1. For a second offense, at the same licensed location, the board of commissioners may suspend the license for no less than 30 days, or at its discretion suspend the license for a longer period of time or

revoke the license based on the severity of the offense, unless the second offense occurs within three years from the first offense, wherein the board of commissioners shall suspend the license for no less than 90 days, or at its discretion suspend the license for a longer period of time or revoke the license, based on the severity of the offense. This suspension may, at the sole discretion of the board of commissions, be less than 90 days if the license holder can provide proactive documentation showing training and education of its employees, and offers other programs to prevent the sale of alcoholic beverages to a person under the legal age to purchase alcoholic beverages. This educational program must be in place at the time of the violation in order to show the business as being proactive and qualify for the lesser suspension.

2. For a third offense, occurring within three years of the first offense, at the same licensed location, the board of commissioners shall revoke the license, and an application for a new license shall not be authorized until the expiration of 12 months following the date of revocation, providing the license holder has an educational/training program for employees of the business, and has other programs in effect to prevent the sale of alcoholic beverages to a person under the legal age to purchase alcoholic beverages. If the license holder does not have this educational program in place, then an alcoholic beverage license may not be applied for, for any business in which he may have any interest.

3. Businesses that have a proactive alcoholic beverage education program in effect, after three years of operation using the proactive program with no violations of underaged sales, may be considered as having no violations. Businesses that do not have an alcoholic beverage education program in effect, after ten years with no violations, may be considered as having no violations.

4. The board of commissioners, in its sole discretion, may suspend the license for a longer period of time, or revoke the license depending upon the severity of the offense evidenced by the facts in each case, including but not limited to, consideration of prior violations of law by the license holder. Where the board of commissioners has suspended the license of a specific location, such suspension shall not be relieved prior to its expiration notwithstanding the sale of the licensed premises or the business located thereon unless authorized by the board of commissioners pursuant to a public hearing held thereon.

D. License holders may not allow a person under 18 years of age to sell malt beverages or wine.

E. No person shall knowingly and intentionally act as agent to purchase or acquire any alcoholic beverage for or on behalf of a person who is under the minimum age to purchase alcoholic beverages, as provided by state law, or otherwise procure for or furnish to a person who is under the minimum age to purchase alcoholic beverages, as defined by state law, any alcoholic beverage, except for medical purposes upon the written prescription of a duly licensed physician under the laws of the state.

F. It is unlawful for any person who is under the minimum age to purchase alcoholic beverages, as provided by state law, to falsely misrepresent his or her age in any manner whatsoever in violation of this chapter or applicable laws.

G. It is unlawful for any person who is under the minimum age to purchase alcoholic beverages, as provided by state law, to purchase, drink, or possess any alcoholic or malt beverages or wine as defined herein in the county outside of any municipalities.

H. It shall not be considered a violation of this chapter for a person who is under the minimum age to purchase alcoholic beverages, as provided by state law, to purchase, drink, or possess any alcoholic or distilled spirits if such person is at the time bona fide acting for and on behalf of law enforcement agencies conducting investigations of license holders and/or their employees.

This affidavit shall be on a form furnished by the business license department. The licensee shall attach a copy of the Georgia Sales and Use Report for the same period to his affidavit.
