CRIME PREVENTION BULLETIN

DATE: February 2, 2011
SUBJECT: OFFICE CREEPER ALERT

The Hall County Sheriff's Office, in cooperation with the Northeast Georgia Medical Center, is urging local businesses and residents to exercise extra diligence at their workplaces regarding a series of thefts by a pair of office creepers. For those not familiar with the term, an "office creeper" is a person who enters the office area inside a place of business during normal operating hours to steal personal items and equipment from the business and/or its employees.

Specifically, citizens should be on the lookout for two subjects who have been entering businesses for the purpose of stealing credit cards from unattended offices. They recently victimized several staff members at Northeast Georgia Medical Center (see surveillance photos below) and have been connected to the same crimes in Dekalb County, Gwinnett County and North Fulton County.

These suspects typically go into the businesses during lunch time (12:00 pm-1:30 pm) when staff members are out of their offices. After committing the thefts, they immediately go to area retail stores and attempt to make purchases with the stolen cards.

The suspects are described as follows:

- *Black female, medium build, mid to late 30's, wearing a cheap looking black wig, blue medical scrubs.
- *Black female, medium-heavy build, mid to late 40's, wearing a white cap, and black leather jacket.
- *Vehicles: These suspects have been observed driving a burgundy Dodge Stratus and a Silver Dodge Stratus.
