This is not a permit. A preliminary site inspection is performed on the basis of information provided by the applicant, the current site conditions, and on current regulations and policies. If the information, site conditions, regulations, and/or policies, etc. change after the date inspected, these recommendations/comments will be invalidated. The comments provided are not considered an approval or guarantee of permit issuance.

Recommendations:

It is the responsibility of the applicant to verify compliance with all regulations of other state, county and city departments. (e.g. Business License, Planning and Zoning, and Building Inspection)
