AUDIT FINDINGS

NARRATIVE:

The audit of Hall County Correctional Institute was conducted on July 1, 2016 by Katherine Brown, Certified PREA auditor. Prior to the onsite I received all the policies and documentation on June 9, 2016 to review and requested additional documentation to satisfy the standards. Received additional documentation on June 20, 2016 and completed the initial review.

An entrance meeting was held with facility staff. The following people were in attendance: Walt Davis, Warden and Captain Frank Sosebee, PREA Compliance Manager.

Following the entrance meeting I toured the Hall County Correctional Institute from 0900-0920. On the tour with me was Walt Davis, Warden and Captain Frank Sosebee, PREA Compliance Manager. The areas toured were a total of 5 housing units plus the kitchen, laundry, programs area, and work areas. There are 4 general population dorms and one administrative detention/segregation unit that hold 4 isolation cells.

During the tour all facility notices were posted in all Offender living areas; program areas and public areas announcing the audit. As I entered all Offender living area cross gender announcements were made.

I asked for an alpha listing of all Offenders housed at Hall County Correctional Institute and randomly selected one Offender from each housing unit as well as any Offenders who were limited English speaking or had hearing/vision impairment to be interviewed. There were no hearing/vision impairment or limited English Speaking offenders there. I also asked for any Offender who was transgender/intersex, there were none. I also asked for a shift roster and randomly selected staff to interview.

Of the 160 offenders at this facility 136 were out to work at the time of the audit only 36 remained at the facility. I conducted 8 offenders’ interviews, two from each dorm, plus 11 specialized interviews and 8 random staff interviews.

There were no sexual assault/harassment allegation cases within the past year.

DESCRIPTION OF FACILITY CHARACTERISTICS:

The Hall County Correctional Institution is located at 1698 Barber Road, Gainesville, GA 30507. This facility opened in March 2016 and consists of 4 dorms, each housing approximately 50 each. The Hall County Correctional Institution serves to meet the workforce needs of the county and cities while fulfilling an obligation to the Georgia Department of Corrections by providing safe and secure housing for inmates in compliance with applicable policies. Under contract with the Georgia Department of Corrections, the institution houses 200 inmates, and in return, the state pays Hall County $20 per day, per inmate, or approximately $1.4 million annually.

Hall County Correctional Institution provides an inmate labor force to the county, cities and other government agencies, thereby providing a workforce at a significant savings. Some 40 to 50 inmate details work daily for county departments, including Parks and Leisure, Road Maintenance, Resource Recovery and Solid Waste, as well as Gainesville City Public Works and
Parks and Recreation departments, performing a multitude of job tasks. In 2013, work details performed an estimated $2.5 million in free labor for the county.

Hall County Correctional Institute does not conduct cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except in exigent circumstances. In the event a cross gender search is done Hall County Correctional Institute documents all cross-gender strip searches and cross-gender visual body cavity searches. During random staff and offender interviews it was confirmed staff do not perform cross gender strip searches.

Hall County Correctional Institute has policies and procedures that enable Offenders to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures require staff of the opposite gender to announce their presence when entering an Offender housing unit, as was confirmed during the tour. During the random offender interviews it was confirmed that offenders have privacy to perform bodily functions and cross gender staff announcements are made.

Hall County Correctional Institute does not search or physically examine a transgender or intersex Offender for the sole purpose of determining the Offender’s genital status. If the Offender’s genital status is unknown, it is determined during conversations with the Offender, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner. There were no transgender offenders at the prison at the time of the audit but based on staff interviews transgender/intersex offenders would not be searched for sole purpose of determining the Offender’s genital status.

Hall County Correctional Institute trains security staff in how to conduct cross-gender pat-down searches, and searches of transgender and intersex Offenders, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs. ### §115.41 Screening for risk of victimization and abusiveness

| X Exceeds Standard (substantially exceeds requirement of standard) |
| □ Meets Standard (substantial compliance; complies in all material ways with the standard for the relevant review period) |
| □ Does Not Meet Standard (requires corrective action) |

**Auditor comments, including corrective actions needed if does not meet standard**

Based on review of HCCI 3-5.3 VIII I. 1-8; PREA Sexual Victim/Sexual Aggressor Classification Screening; Pre-Orientation checklist and interview with random Offenders and intake staff responsible for screening I find they exceed this standard.

All Offenders are assessed during an intake screening and upon transfer to another facility for risk of being sexually abused by other Offenders or sexually abusive toward other Offenders. Hall County Correctional Institute uses The Victim/Aggressor Classification Screening which is an objective screening tool to conduct this intake.

Intake screenings take place immediately upon arrival at Hall County Correctional Institute.

Hall County Correctional Institute uses an objective screening instrument.

The intake screening considers, at a minimum, the following criteria to assess Offenders for risk of sexual victimization:

1. Whether the Offender has a mental, physical, or developmental disability;
2. The age of the Offender;
3. The physical build of the Offender;
4. Whether the Offender has previously been incarcerated;
5. Whether the Offender’s criminal history is exclusively nonviolent;
6. Whether the Offender has prior convictions for sex offenses against an adult or child;
7. Whether the Offender is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;
8. Whether the Offender has previously experienced sexual victimization;
9. The Offender’s own perception of vulnerability; and
(10) Whether the Offender is detained solely for civil immigration purposes.

The initial screening considers prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to Hall County Correctional Institute, in assessing Offenders for risk of being sexually abusive.

Within 30 days from the Offender’s arrival at Hall County Correctional Institute, Hall County Correctional Institute reassesses the Offender’s risk of victimization or abusiveness based upon any additional, relevant information received by Hall County Correctional Institute since the intake screening.

An Offender’s risk level is reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the Offender’s risk of sexual victimization or abusiveness. Any Offender who has been identified as needing further evaluation due to additional information received will be reassessed when warranted.

Offenders are not disciplined for refusing to answer, or for not disclosing complete information in response to, questions asked. No Offender is ever disciplined for refusing to participate in the intake process, if an Offender refuses to answer the questions during intake the counselor will meet with that Offender at a later time to conduct the rest of the screening. Those Offenders would be placed in appropriate housing until a proper classification screening could be done.

Hall County Correctional Institute implements appropriate controls on the dissemination within Hall County Correctional Institute of responses to questions asked pursuant to this standard in order to ensure that sensitive information is not exploited to the Offender’s detriment by staff or other Offenders.

Only limited staff has access to the risk screening form only the Counselors; Warden; Deputy Warden; Captain and Shift Supervisor.

§115.42 Use of screening information

Auditor comments, including corrective actions needed if does not meet standard

Based on review of HCCI 3-5.3 VIII K 1-5; 90 day Offender Sexual Abuse Review Checklist and interview with PREA compliance manager and staff responsible for risk screening I find they meet this standard.

Hall County Correctional Institute uses information from the risk screening to decide housing, bed, work, education, and program assignments with the goal of keeping separate those Offenders at high risk of being sexually victimized from those at high risk of being sexually abusive. All information received from the Offender during the intake process on the risk screening is used to determine housing, bed assignments, work, education and programming.
Hall County Correctional Institute makes individualized determinations about how to ensure the safety of each Offender. Each Offender's information is evaluated on a case by case basis to ensure the safety of the Offender.

There were no transgender offenders at the facility during the audit however there are policies in place that address the following:

In deciding whether to assign a transgender or intersex Offender to a facility for male or female Offenders, and in making other housing and programming assignments, Hall County Correctional Institute considers on a case-by-case basis whether a placement would ensure the Offender's health and safety, and whether the placement would present management or security problems.

Placement and programming assignments for each transgender or intersex Offender is reassessed at least twice each year to review any threats to safety experienced by the Offender.

A transgender or intersex Offender’s own views with respect to his or her own safety are given serious consideration.

Transgender and intersex Offenders are given the opportunity to shower separately from other Offenders.

Hall County Correctional Institute does not place lesbian, gay, bisexual, transgender, or intersex Offenders in dedicated facilities, units, or wings solely on the basis of such identification or status, unless such placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting such Offenders.

Based on review of HCCI 3-5.3 VIII K 6 & 7; GDC IIB09-0001 Administrative Segregation & Disciplinary Isolation and interview with warden I find they meet this standard.

No Offenders have been placed in involuntary segregation housing, however there are policies in place that address the following:

Offenders at high risk for sexual victimization are not placed in involuntary segregated housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers.

Offenders placed in segregated housing for this purpose have access to programs, privileges, education, and work opportunities to the extent possible. If Hall County Correctional Institute restricts access to programs, privileges, education, or work opportunities, Hall County Correctional Institute documents the opportunities that have been limited, the duration of the limitation; and the reasons for such limitations.
Hall County Correctional Institute assigns such Offenders to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged, and such an assignment does not ordinarily exceed a period of 30 days. If involuntary segregated housing assignment is made Hall County Correctional Institute clearly documents the basis for Hall County Correctional Institute’s concern for the Offender’s safety; and the reason why no alternative means of separation can be arranged. Every 30 days a review is performed to determine whether there is a continuing need for separation from the general population.

When Hall County Correctional Institute conducts its own investigations into allegations of sexual abuse and sexual harassment, it does so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports. All initial abuse and harassment allegation investigations will be conducted by Hall County Correctional Institute Sexual Abuse Response Team (SART). Substantiated SART investigations will immediately be referred to the Hall County Sheriff Office Criminal Investigations Division and unsubstantiated SART investigations shall be handled by the in house investigator.

Where sexual abuse is alleged, Hall County Correctional Institute uses investigators who have received special training in sexual abuse investigations. All SART team members are required to attend additional PREA training.

Investigators gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; interview alleged victims, suspected perpetrators, and witnesses; and review prior complaints and reports of sexual abuse involving the suspected perpetrator. Hall County Correctional Institute follows the procedures set forth in policy number HCCI 3-5.3. Hall County Correctional Institute follows a uniform evidence protocol that maximizes the potential for obtaining usable (physical) evidence for administrative proceedings and criminal prosecutions. The response to sexual assault follows the U.S. Department of Justice’s Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents, dated April 2013, or the most current version. SANE protocols and SART investigation procedures are initiated.

When the quality of evidence appears to support criminal prosecution, Hall County Correctional Institute contacts Hall County Sheriff Office who conducts compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution. Hall County Correctional Institute complies with this standard by following policies and procedures as outlined in the Hall County Correctional Institute policy number HCCI 3-5.3 and Hall County Sheriff Office policy 17 Investigative Function in regard to PREA Investigations concerning criminal prosecutions.

The credibility of an alleged victim, suspect, or witness is assessed on an individual basis and is not determined by the person’s status as Offender or staff. No agency requires an Offender who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation. Hall County Correctional Institute complies with this standard by following policies and procedures as outlined in the Hall County Sheriff Office policy 17 Investigative Function in regard to PREA investigations regardless of the credibility of those individuals involved.

Criminal investigations shall be documented in a written report that contains a thorough description of physical, testimonial, and documentary evidence and attaches copies of all documentary evidence where feasible. Criminal investigation reports involving a PREA investigation will be maintained locally as part of the SART investigation for a period of no less than three years in the office of the Deputy Warden of Security.
Administrative investigations include efforts to determine whether staff actions or failures to act contributed to the abuse; and are documented in written reports that contain a thorough description of physical, testimonial, and documentary evidence, the reasoning behind credibility assessments, and investigative facts and findings, and attaches copies of all documentary evidence where feasible.

Substantiated allegations of conduct that appears to be criminal are referred for prosecution.

Hall County Correctional Institute retains all written reports for as long as the alleged abuser is incarcerated or employed by Hall County Correctional Institute, plus five years. Hall County Correctional Institute complies with this standard by following policies and procedures as outlined in the Hall County Correctional Institute policy number HCCI 3-5.3 in regard to PREA Investigations concerning criminal prosecutions.

The departure of the alleged abuser or victim from the employment or control of Hall County Correctional Institute or agency does not provide a basis for terminating an investigation. Hall County Correctional Institute complies with this standard by following policies and procedures as outlined in the Hall County Correctional Institute policy number HCCI 3-5.3 in regard to PREA Investigations concerning criminal prosecutions.

Such notifications or attempted notifications shall be documented. Following an Offender’s allegation that a staff member has committed sexual abuse against the Offender, and upon completion of the Internal Investigation, an assessment of the appropriateness of notification will be made by the Appointing Authority in consultation with Department’s Legal Office. If determined that notification is appropriate, it will be made in accordance with 28 CFR § 115.73.”

If Hall County Correctional Institute did not conduct the investigation, it requests the relevant information from the investigative agency in order to inform the Offender. Hall County Correctional Institute will obtain a copy of the investigation document and make proper notification to the Offender as defined by policy HCCI 3-5.3.

Following an Offender’s allegation that a staff member has committed sexual abuse against the Offender, Hall County Correctional Institute subsequently informs the Offender (unless Hall County Correctional Institute has determined that the allegation is unfounded) whenever the staff member is no longer posted within the Offender’s unit; the staff member is no longer employed at Hall County Correctional Institute; Hall County Correctional Institute learns that the staff member has been indicted on a charge related to sexual abuse within Hall County Correctional Institute; or Hall County Correctional Institute learns that the staff member has been convicted on a charge related to sexual abuse within Hall County Correctional Institute. If determined that notification is appropriate, it will be made in accordance with 28 CFR § 115.73.”

Following an Offender’s allegation that they had been sexually abused by another Offender, Hall County Correctional Institute subsequently informs the alleged victim whenever Hall County Correctional Institute learns that the alleged abuser has been indicted on a charge related to sexual abuse within Hall County Correctional Institute; or Hall County Correctional Institute learns that the alleged abuser has been convicted on a charge related to sexual abuse within Hall County Correctional Institute. Hall County Correctional Institute adheres to the policy defined above as provided for in Hall County Correctional Institute policy HCCI 3-5.3.

All such notifications or attempted notifications are documented. Hall County Correctional Institute adheres to the policy defined above as provided for in Hall County Correctional Institute policy HCCI 3-5.3.

An agency’s obligation to report under this standard is terminated if the Offender is released from Hall County Correctional Institute’ custody. Hall County Correctional Institute adheres to this standard by following Hall County Correctional Institute policy HCCI 3-5.3 in which it states, “Hall County Correctional Institute shall inform the Offender as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. This will be completed by a
member of the local SART unless the appointing authority delegates to another designee under certain circumstances. Such notifications or attempted notifications shall be documented. Termination is the presumptive disciplinary sanction for staff who has engaged in sexual abuse. In accordance with HCCI 3-5.3, staff that engage in sexual misconduct with offenders shall be banned from correctional institutions and subject to disciplinary action, up to and including termination, and may also be referred for criminal prosecution, when appropriate.

Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) are commensurate with the nature and circumstances of the acts committed, the staff member’s disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories. In accordance with HCCI 3-5.3, disciplinary sanctions for violations of GDC policy relating to sexual abuse or sexual harassment will be commensurate with the nature of the circumstances of the acts committed, the staff member’s disciplinary history, and the sanctions.

§115.78 Disciplinary sanctions for Offenders

☐ Exceeds Standard (substantially exceeds requirement of standard)

**Auditor comments, including corrective actions needed if does not meet standard**

Based on review of HCCI 3-5.3 V.3 and SOP II. B 02-0001 and interview with medical/mental health staff I find they meet this standard.

No offender has been involved in a PREA related incident.

Offenders are subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the Offender engaged in Offender-on-Offender sexual abuse or following a criminal finding of guilt for Offender-on-Offender sexual abuse. Hall County Correctional Institute will subject Offenders to disciplinary sanctions pursuant to a formal
disciplinary process following an administrative finding that the Offender engaged in Offender-on-Offender sexual abuse or a criminal finding of guilt for Offender-on-Offender sexual abuse. These sanctions will be imposed in accordance with GDC SOP IIB02-0001 and 3-5.3.

Sanctions are commensurate with the nature and circumstances of the abuse committed, the Offender’s disciplinary history, and the sanctions imposed for comparable offenses by other Offenders with similar histories. Sanctions will be commensurate with the nature and circumstances of the abuse committed, the Offender’s disciplinary history, and the sanctions imposed for comparable offenses by other Offenders with similar histories. Sanctions are covered by GDC SOP IIB02-0001.

The disciplinary process considers whether an Offender’s mental disabilities or mental illness contributed to his behavior when determining what type of sanction, if any, should be imposed. GDC SOP IIB02-0001 requires staff to consider an Offender’s mental disability or mental illness during the disciplinary hearing process and when determining appropriate sanctions. GDC SOP VG34-0001 also addresses this issue.

Hall County Correctional Institute does not offer therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse.

Hall County Correctional Institute disciplines an Offender for sexual contact with staff only upon a finding that the staff member did not consent to such contact.

A report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred does not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.

Hall County Correctional Institute prohibits all sexual activity between Offenders and may discipline Offenders for such activity.

If the screening indicates that an Offender has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff ensure that the Offender is offered a follow-up meeting with a medical staff within 14 days of the intake screening.

If the screening indicates that an Offender has previously perpetrated sexual abuse/prior sexual victimization, whether it occurred in an institutional setting or in the community, staff ensure that the Offender is offered a follow-up meeting with a mental health practitioner within 14 days of the intake screening. No such offender has been received at the facility, however if one did these services would be provided through an MOU with New Hope Counseling services.
